TITLED BELLE'S SAD END-In the death of Joanna Bulger of Boston, a woman who has for many

When the report was recently circulated that a prominent public man had lost his life through accidentally inhaling a quantity of carbon dioxide the man in the street began at once inquiring what carbon dloxide was.

As a matter of fact, carbon dioxide is merely another name for carbonic acid gas, one of the products of company to the daughter of nobility and the heiress to \$100,000 a year. The aged Earl of Donegal, whose recent marriage to a beautiful young American girl has caused a stir on both sides of acid gas, one of the products of com- girl has caused a stir on both sides of

Carbonic acid gas is known by several different names, as, for instance, carbon dioxide, carbonic oxide and carbonic anhydride.

Miss Bulger's betrothal to an English army officer was so distasteful to her father that he broke up the match, and the girl slipped away penniless to America to hide her secret. Her life here has been full of the secret. Her life here has been full of the secret was not it is somewhat sur-Miss Bulger's betrothal to an Eng-

lookout for something new in the way WANTS HUBBY TO TAKE A BATH-A letter came to the Baltimore health department from a woman living in the fashionable neighbor-hood of Charles street stating that

The health warden was hurried to And as with consumption so with the house. The woman said the case most other complaints. A quarter of a was her husband, whom she wanted century ago even eminent physicians the health department to force to were content to speak of smallpox, of take a bath. She declared that he typhoid fever, of lockjaw. Today they had not had a bath for six months, and they had not had a bath for six months, and they had not had a bath for six months, and they had not had a bath for six months, and they had not have been presented by coloring for and had not changed his clothes for two months.

The husband then appeared on the A doctor when giving evidence before scene. He was politic enough, but an ignorant east end jury the other firmly told the health warden that

have been far easier for him to have spoken of a bleeding at the nose and mouth, and he would at all events have placed the matter before the city and the satisfaction of making himself officers to advise bim if there was any inw by which he can forcibly administer a bath to the man who

People are wondering if the Duchbut one easily understandable, and conveying, moreover, a distinct idea to any one of ordinary education and intelligence.

For that very reason, doubtless, the fittle in question was voted out of date and duchess were staying at the principal hotel in the hill station, Mussourie, kept by a clever, energetic little Swiss. In the hotel there was a woman who had been sent to the cool climate to await a happy Ever since the dissemination of the contagion idea the lot of consumptives has been grievous. They have been denied transportation of the west form Chicago and St. Louis. What effect a general statement from physicians all over Florida will have as an inducement for them to come to Florida will have as an inducement for them to come to Florida is not known.

Dr. Cyrus is of opinion that consumption is contagious, but not in the same sense as other contagious diseases.

The editor of the Times-Union is contagious, but not in the same sense as other contagious diseases.

The editor of the Times-Union that in the same sense as often contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious, but not in the same sense as other contagious diseases.
